Hi David,

Is there a way to organize these email files (and sub email files) before I review them, or should I just open them in my own outlook and then create a spreadsheet?

Best,

Leo

Leo,

I have forwarded to you all of the NIPSCO emails. From the start of 2016 until the end of July. The emails after the end of July are really about coordinating FOIA responses and I have determined that those are unresponsive. I believe that all of the emails that I have sent to you are releaseable.

Michael
